

**Instructions**

- \* You need to pass off \_\_\_\_\_ exercises by the end of the quarter.
- \* You should be practicing 30 minutes per day, at least 5 days a week.
- \* If you lose this you have to start over.
- \* You can pass off on designated testing days in class during sectionals, before school, during 6th period, after school by appointment, or if a Band Aide comes and gets you.
- \* Hand this to the person testing you before you start playing.
- \* If pulled out during class, you can pass off as many exercises you can in 5 minutes. (This includes setup time! So be quick!) Other times, you can pass off up to 3 at a time.
- \* To pass an exercise, you must play it at 90% or better.
- \* Have good posture, & tap your toe on the beat.
- \* Remember that articulation, dynamics, repeats, and other symbols need to be played correctly.
- \* You must pass off in order.
- \* Do not stop if you think you made a mistake. Keep playing to the end.
- \* Practice AT HOME so you can pass off the exercises on the first try.
- \* You should test 2 times per week.
- \* The best way to do well is to practice 30 min a day at home and get ahead.
- \* To find your grade, divide the highest Pass off Number you have completed by the Pass off number that is due this week.
